'GREENHOUSE EFFECT' BY MARO AVRABOU + DIMITRI XENAKIS

Posted on Thursday, August 28, 2014 - [Leave a Comment](#)

Overgrown with plants and ferns of all shapes and sizes, **Maro and Dimitri's** "Greenhouse Car" questions the impact of industrialisation on our environment and what we perceive to be nature.

LIGHT ART

As a standard element of the urban landscape, the car as a small, closed universe, has become one of the biggest sources of environmental pollution.

PEOPLE

MORE INTERVIEWS

In this tongue-in-cheek installation, the car is both the cause and effect of environmental pollution.
